RESULT OF OPERATIONS—Continued

In arriving at the operating results of the General Revenue Fund, revenues are reported on a cash basis, being the actual receipts in cash within the fiscal period, whereas expenditures include liabilities incurred but not paid at the end of the fiscal year. In other words, revenues exclude accounts receivable but expenditures include accounts payable.

The operating results shown above are subject to the undernoted qualifications:

- (a) As at March 31, 1960, unmatured debentures aggregating \$5,500.00 had not been surrendered for exchange under the provisions of the 1945 debt reorganization program. Interest thereon has been charged to expenditure at the rates provided by the program. No interest has been provided subsequent to June 1, 1945, in respect of matured debentures. As at March 31, 1960, matured debentures aggregating \$11,060.00 had not been surrendered for redemption under the 1945 debt reorganization program.
- (b) Under provisions of The Public Service Pension Act and The Temporary Provincial Employees Retirement Act all contributions are credited as revenue to the General Revenue Fund of the Province and payments required under the Acts are made through appropriations therefrom. The payment of all benefits under the Acts is guaranteed by the Government of the Province of Alberta. The pension plans are therefore on a current cost basis and no liability is shown on the attached balance sheet in respect of present or future benefits payable under the Acts. An actuarial survey is required to determine the Province's liability under the Acts.
- (c) Remittances to the General Revenue Fund by the Treasury Branches exceeded earnings by \$726,486.06.

In addition to the foregoing, there were approximately 6,196,000 acres of unsold school land at March 31, 1960.

Subsidies:

Under the terms of the Alberta Act, the Province receives certain annual subsidies from the Government of Canada. The capital value of these subsidies is not shown as a liability on the balance sheet of the Government of Canada and has therefore been excluded as an asset from the accounts of the Province, although there is a definite annual obligation on the part of the Government of Canada to pay certain fixed amounts. For the purpose of information only, the capital sums which at 5% would yield the revenue accrued in 1959-60 are shown hereunder:

Government and legislation	\$ 4,400,000.00
Per capita grants	18,808,928.00
Allowance in lieu of debt	8,107,500.00
Allowance in lieu of Crown lands	15,000,000.00
	<u>\$46,316,428.00</u>

Resources:

Under the terms of the Natural Resources Agreement the Government of Canada transferred to the Province on October 1, 1930, 87,676,890 acres of land including 6,406,694 acres of unsold school lands held in trust, together with the benefit of all mines and minerals of the Province formerly vested in the Government of Canada. Principal receivable from the sale of provincial lands, \$214,374.79, the value of unsold school lands and the value or benefit arising from the natural resources of the Province are not reflected on the balance sheet.

BALANCE SHEET—Continued

The Tax Collection Suspension Act, 1957:

Under the terms of Chapter 93, Statutes of Alberta, 1957, the Provincial Treasurer was authorized and empowered to execute on behalf of the Province an agreement with the Government of Canada providing for the suspension by the Province of levying and collection of income tax on individuals, succession duties and certain corporation taxes. Under the terms of the agreement the Province will receive:

- (a) The yield of standard taxes as undernoted:
 - (i) 10% of the Federal Tax on personal income. (13% for the fiscal year commencing April 1, 1958.)
 - (ii) 9% of the taxable corporate income.
 - (iii) 50% of Federal Succession Duties.
- (b) An unconditional equalization payment in an amount sufficient to make up the difference between the per capita yield of the above standard taxes and the weighted average of the yield of these taxes in the two provinces having the highest per capita yield (presently Ontario and British Columbia). These equalization payments are unilateral in nature, requiring no agreement on the part of the Province, and have been authorized by the Federal-Provincial Tax Sharing Arrangements Act.

The agreement also provides that payments to the Provinces shall not fall below certain guaranteed minima.

The Province received an amount of \$55,454,383.20 during the period under review. This amount is subject to adjustment upon final determination of population and the yields of the Standard Taxes.

GENERAL

During the year a continuous pre-audit was maintained of all expenditures from the General Revenue Fund. In addition, revenue of all departments and the books and accounts of all boards and commissions are subjected to post-audits by my representatives. Bank balances were verified against bank certificates. Securities aggregating \$476,370,282.03 were examined and found in order. Every assistance was extended by officials of the several departments, boards and commissions to facilitate the work of my representatives, and all information requested was promptly given.

I have the honour to be, Sir,

Your obedient servant,

C. K. HUCKVALE, F.C.A.,

Edmonton, Alberta July 6, 1960

I have audited the books and records relating to the Special Investment Fund established under provisions of Section 31, of Chapter 343, R.S.A., 1955, The Treasury Department Act, for the year ended March 31, 1960.

Result of operations of the fund for the period is as follows:

Net revenue from interest received, plus amortization of premium and discount	\$ 6,815,575.47
Add: Interest accrued March 31, 1960, plus accrued amortization	3,238,831.48
	<u>\$10,054,406.95</u>
Deduct: Interest accrued March 31, 1959, plus accrued amortization	2,300,484.53
Add: Profit on sale of securities	<u>\$ 7,753,922.42</u>
	<u>4,769.24</u>
	<u>\$ 7,758,691.66</u>

Following the practice with respect to Provincial revenues, only earnings actually received have been taken into general revenue account, but in order to show earnings of the fund on an accrual basis the above summary has been prepared.

I certify that, in my opinion, the above statement correctly summarizes all the transactions relating to the Special Investment Fund for the year ended March 31, 1960, and states the securities on hand at that date.

Edmonton, Alberta, April 22, 1960

I have audited the books and records of the Workmen's Compensation Board for the year ended December 31, 1959.

RESULT OF OPERATIONS

Operations for the year under review resulted in a provisional surplus of \$1,129,445.47 in respect of 1959 and a provisional surplus of \$225,366.49 in respect of 1958 and prior years, details of which are shown on Statements No. 36 and No. 37 respectively. The provisional results have been consolidated on Statement No. 35 and carried to operating reserve as shown on Statement No. 34.

In arriving at the operating results in respect of Class 13-2, the fiscal year of which, for the Board's purposes, is the first of November to the following thirty-first of October, assessment revenue applicable to the twelve-month period ending October 31, 1960 and all expenditure during the months of November and December, 1959 have been deferred to the next fiscal period; and revenue of 1958 applicable to the twelve-month period ending October 31, 1959 and all expenditure during November and December, 1958 deferred as at December 31, 1958 have been brought into account in order to show all transactions in their respective periods.

Assessment revenue shown on Statement No. 36 includes the net adjustment estimated to be required when all payroll audits in respect of the period under review have been completed.

Interest shown on Statements 35 and 36 includes the allocation of interest earnings of the Pension Fund in excess of the 3% requirement for the current year, in an amount of \$326,013.82 to the classes and \$28,272.01 to self-insurers. Excess interest earnings of the Pension Fund have, in prior years, remained in the Pension Fund and amount in total to \$721,933.81 as at December 31, 1959.

Reserve—Section 33-(1), (k), (1943 Act)

The reserve, which under Section 44-(8) of the 1948 Act is to be transferred to the Accident Fund, is presently being held to provide for adjustments required under Section 33-(1), (k) and with respect to pensions suspended during the war years and paid into the reserve under Section 33-(1), (L) of the 1943 Act.

Operating reserve

The reserve represents the balance at credit of classes after provision for reserves as shown on Statement No. 34.

GENERAL

The Board has a contingent liability for pensions in respect of service on the Board by commissioners for which pension is not payable under The Public Service Pension Act.

Subject to the foregoing remarks, I certify that, in my opinion, the above balance sheet is properly drawn up so as to show the true financial position of The Workmen's Compensation Board as at December 31, 1959 according to information and explanations given to me and as shown by the books of the Board and the accompanying statements of revenue and expenditure correctly set forth the results of operations for the year ended at that date.

STATEMENT No. 59—Continued

BALANCE SHEET

The irrigation system is reflected on the above Balance Sheet at an amount equal to the capital expenditures for the system by the Province of Alberta and the project to November 30, 1959.

The reserve arising from the Province of Alberta grant re water service rates represents that portion of the grant which will be credited to the second year's rates chargeable to water users. Reclassification credits, pending but undetermined at the close of the fiscal year, will have a direct bearing on the reserve and the financial position of the project as a reduction in irrigable acreage will result in cancellation of a portion of the earnings of the year under review and previous years.

Transactions affecting the maintenance and contingencies reserve during the year ended November 30, 1959 are as follows:

Reserve as at December 1, 1958	\$	1,946.10
Add: Provision for the year ended November 30, 1959		1,297.30
Reserve as at November 30, 1959	\$	<u>3,243.40</u>

GENERAL

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Bow River Development as at November 30, 1959 according to information and explanations given to me and as shown by the books of the project, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, May 25, 1960

I have audited the books and records of the St. Mary and Milk Rivers Development Colonization Manager for the year ended November 30, 1959.

Water right agreements receivable, \$1,032,593.25, are subject to possible reductions through reclassification in the irrigable acreage on the project.

The amount of \$2,916.78 shown on the Balance Sheet as suspense represents receipts which may be applied on agreements receivable or be refunded.

The value of land purchased for land settlement and not sold to the date of audit has not been determined and has not been included on the Balance Sheet.

Lease rentals receivable estimated by the Colonization Manager to amount to \$8,476.12 are not reflected on the above Balance Sheet. Proceeds when received, less taxes and rates, will be remitted to the Provincial Treasurer.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the St. Mary and Milk Rivers Development Colonization Manager as at November 30, 1959, according to information and explanations given to me and as shown by the books of the Manager.

Edmonton, Alberta, April 12, 1960

I have audited the books and records of the Public Trustee for the year ended December 31, 1959.

Securities held were verified by examination and certificates from depositaries, and agreed with records of the Public Trustee.

Estates' and beneficiaries' capital accounts represent the net value of assets under administration. Valuations are based on information available to the Public Trustee, and are subject to realization and adjustment as estates are administered.

Accounts payable to Provincial mental hospitals represent unpaid maintenance charges, which are shown only to the extent of the book value of available assets, and are computed to September 30, 1959.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Public Trustee as at December 31, 1959 according to information and explanations given to me and as shown by the books of the Public Trustee.

STATEMENT No. 94—Continued

Edmonton, Alberta, August 10, 1960

I have audited the books and records of the University of Alberta for the year ended March 31, 1960.

OPERATING RESULTS

Operations for the year ended March 31, 1960 resulted in a deficit of \$112,136.65 as compared with a surplus of \$368,968.06 for the previous fiscal period. Details of operations are shown in Statement No. 95.

The deficit for the year has been charged to operating reserve. Transactions within the reserve are set forth in Statement No. 96.

Maintenance and upkeep of buildings used by the Faculty of Education in Edmonton and the branch of the University in Calgary have been provided by the Province direct.

FINANCIAL POSITION

Buildings, plant, furnishings and equipment are stated on the Balance Sheet at original cost. No provision has been made for depreciation, but an independent appraisal, completed during the year ended March 31, 1950, indicates that values have been maintained through repairs and renewals, which have been financed from revenue and reserve accounts.

Investments, general and trust, were verified by actual examination, and agreed with the records of the University.

Inventories of merchandise for resale and supplies on hand are certified as to quantities and prices by officials of the University.

Capital and capital surplus transactions during the year are summarized hereunder:

STATEMENT No. 107—*Continued*

Edmonton, Alberta, April 20, 1960

I have audited the books and records of the Special Areas Board for the year ended December 31, 1959.

Cultivation rental revenues have been reported on a cash basis. There is an undetermined amount of lease revenue receivable by the Board which is not reflected on the Balance Sheet.

Advances to hospital districts totalling \$67,333.12 are secured by debentures of the respective districts. The debentures were examined during the year and found in order.

Advances to hospital districts amounting to \$8,102.46 are unsecured and were made from funds obtained by the sale of debentures of the Board to the Alberta Municipal Financing Corporation.

The value shown for Pleasantview Home represents the cost of repairs and remodelling only, title to the property is vested in the Province of Alberta.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Special Areas Board as at December 31, 1959, according to the information and explanations given to me and as shown by the books of the Board, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, February 26, 1960

I have audited the books and records of the University of Alberta Hospital Board for the year ended December 31, 1959.

Operations for the year ended December 31, 1959 are summarized in Statement No. 122 and are subject to approval of the Hospitals Division of the Department of Public Health for final determination of contributions from the Province of Alberta under the Hospitalization Benefits Plan.

No depreciation has been provided on buildings, furniture or equipment. The Hospitalization Benefits Plan will provide funds for acquirement and replacement of furniture and equipment and for retirement of debt incurred in the acquirement of capital assets.

Accounts receivable under the Hospitalization Benefits Act, \$600,181.89, represents the balance of contributions due or accrued under the Plan and is subject, as stated elsewhere in this report, to approval of the Hospitals Division of the Department of Public Health.

Inventories of supplies on hand were certified as to quantities and prices by officials of the Hospital.

Trust investments held in safekeeping at the Imperial Bank of Canada, Edmonton, under joint custody of two officials of the Hospital were verified by actual examination and are summarized hereunder:

	Par Value	Book Value
Government of Canada bonds	\$ 555,100.00	\$ 553,600.00

Edmonton, Alberta, July 28, 1960

I have audited the books and records of the Alberta Government Telephones Commission for the year ended March 31, 1960.

The Alberta Government Telephones Commission was established under authority of Chapter 85, Statutes of Alberta 1958 to acquire all the assets and assume all the liabilities of the Alberta Government Telephones as at April 1, 1958.

Operations for the year resulted in a net income of \$2,757,111.87 after providing \$5,099,525.39 for depreciation and renewal reserve, \$3,432,806.14 for net interest expense, \$136,341.85 for amortization of discount and exchange and \$111,156.54 being the net operating costs in respect of radio station CKUA. The net income was carried to the surplus account from which was appropriated \$3,133,258.48 for the acquirement of capital assets and \$560,000.00 for provision of sinking fund. The unappropriated balance in the surplus account was \$1,066,794.02 as at March 31, 1960.

Cash in bank (Capital) represents the balance of net proceeds of the \$22,000,000.00 debenture issue dated March 1, 1960. These funds are to be used for capital purposes during the year ended March 31, 1961.

The Government of Canada treasury bills, \$498,990.00 were held in safekeeping by the bank and were verified by certificate from the bank. Alberta Government Telephones Commission debentures, par value \$100,000.00, were held for safekeeping by the Provincial Treasurer and were verified by actual examination.

Pension and Death Benefit Fund assets are subject to the comments in the certificate attached to the Pension and Death Benefit Fund Balance Sheet.

The Alberta Government Telephones Commission have the following estimated contingent liabilities which are not reflected on the Balance Sheet as at March 31, 1960:

In respect of commitments for purchase of equipment for future delivery	\$ 522,690.93
In respect of uncompleted building contracts	861,285.88

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Government Telephones Commission as at March 31, 1960, according to information and explanations given to me and as shown by the books of the Alberta Government Telephones Commission, and the accompanying Condensed Statement of Income correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, July 28, 1960

I have audited the books and records of the Alberta Government Telephones Commission's Pension and Death Benefit Fund for the year ended March 31, 1960.

Investments were verified by actual examination and are summarized hereunder:

Bonds and debentures	Par Value
Government of Canada, direct and guaranteed	\$ 2,803,000.00
Provincial, direct and guaranteed	3,641,000.00
Municipal	2,686,000.00
School districts	164,000.00
	<u>\$ 9,294,000.00</u>

The approximate market value of the above securities amounted to \$7,865,000.00 as at March 31, 1960.

An actuarial survey as at December 31, 1957 indicated that the fund, as presently constituted, will be sufficient to meet all future requirements.

I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Pension and Death Benefit Fund as at March 31, 1960, according to information and explanations given to me and as shown by the books of the Fund, and the accompanying Statement of Operations correctly summarizes the transactions for the year ended at that date.

Edmonton, Alberta, July 22, 1960

I have audited the books and records of the Alberta Liquor Control Board for the year ended March 31, 1960.

Physical inventories of liquor, beer and containers were taken at March 31, 1960 by officials of the Board. Quantities were certified by respective warehouse and store managers. Cost of transferring stocks from warehouses to stores was not included in the inventory valuation. Inventories included goods on consignment amounting to \$583,469.36, the corresponding liability being included with accounts payable on the Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Liquor Control Board as at March 31, 1960, according to information and explanations given to me and as shown by the books of the Board and the accompanying Statement of Profit and Loss correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, August 22, 1960

I have audited the books and records of the Treasury Branches for the year ended March 31, 1960.

The branch balance sheets as at March 31, 1960, certified to by branch managers, were examined and consolidated with Head Office records. Transactions applicable to the year reported after preparation of branch statements are not reflected in the accounts.

Currency on hand, cheques on chartered banks and items in transit were certified by branch managers. The balance on deposit with the chartered bank was verified by certificate from the bank.

Loans and advances include loans outstanding as at March 31, 1960, overdrafts in depositors' accounts, bills discounted and items in overdue bills.

Advances totalling \$4,780.39 were written off during the year under review while recoveries of advances previously written off amounted to \$356.45. Provision for uncollectible accounts in the amount of \$743,000.00 was made, leaving the allowance for bad and doubtful debts at \$2,005,962.60 as at March 31, 1960.

Investments are summarized hereunder:

	Par Value	Book Value
Bonds and debentures:		
*Government of Canada	\$14,622,000.00	\$14,544,251.69
School Districts	1,640,270.00	1,624,744.19

*Includes bonds of a par value of \$492,000.00 held for the Contingent Liabilities Fund and of a par value of \$30,000.00 held for the Insurance Fund.

The above securities were verified by actual examination and found to be in order. The approximate market value of the Government of Canada bonds, the School District bonds and the City, Town and County bonds as at March 31, 1960 was \$15,097,000.00.

Expenditures of the Treasury Branches for maintenance and operations have been charged to the general revenue fund of the Province, with the exception of an amount of \$480,738.68, representing consumers' bonus for the months of February, 1941 to April, 1945, inclusive. This amount may be financed from the fund provided for contingent liabilities.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Treasury Branches as at March 31, 1960, according to the information and explanations given to me and as shown by the books of the Treasury Branches, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, March 15, 1960

I have audited the books and records of Marketing Services Limited for the year ended December 31, 1959.

OPERATIONS

Marketing Services Limited, incorporated under Part III of the Alberta Marketing Act, Chapter 191, R.S.A. 1955, conducted the trading activities of the Provincial Marketing Board for the year ended December 31, 1959.

Activities during the year consisted of the merchandising of implement parts and other commodities and rendering financial assistance under agreements to certain industries within the Province.

(Continued on Page 263)

STATEMENT No. 172—*Continued*

BALANCE SHEET

Accounts receivable aggregating \$12,494.75 consist mainly of advances under agreements, to certain industries within the Province. These advances result from the purchase and resale of the commodities necessary for the particular activities of the industries, from expenditures for equipment and advances for operating expenses.

Inventories of commodities on hand at December 31, 1958, are certified as to prices and quantities by officials of the Corporation.

The Rock Wool Plant is shown on the Balance Sheet at \$94,076.36, being the balance outstanding of advances made by Marketing Services Limited for the construction and operation of an insulation plant at Gap Lake, less an amount of \$10,000.00 received to date under a hire-purchase agreement presently in force. This agreement calls for further payments of \$40,000.00 principal leaving a balance of \$54,076.46 which will represent a direct loss to Marketing Services Limited.

The Corporation issued to the Provincial Marketing Board one hundred shares of the capital stock for which no value was received. This transaction is not recorded and is not reflected on the above Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of Marketing Services Limited as at December 31, 1959, according to information and explanations given to me and as shown by the books of the Corporation and the accompanying Statement of Profit and Loss correctly sets forth the result of operations for the year ended at that date.

Edmonton, Alberta, July 11, 1960

I have audited the books and records of the Eastern Rockies Forest Conservation Board maintained by the Department of Lands and Forests, Government of the Province of Alberta, for the year ended March 31, 1960.

Total capital expenditures from inception to March 31, 1955 amounting to \$6,278,906.10 were made from funds provided by the Government of Canada (as authorized under Section 8 (a) of the Memorandum of Agreement), for the location and construction of forest improvements, the making of a forest inventory, reforestation, and such other works and services as the Board considered necessary in that area of the East Slope of the Rocky Mountains forming part of the watershed of the Saskatchewan River, as more definitely described in the Appendix to the Act. The total expenditure was not to exceed \$6,300,000.00 during the seven years ended March 31, 1955.

I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Eastern Rockies Forest Conservation Board as at March 31, 1960 according to the information and explanations given to me and as shown by the records of the Board and the accompanying statements correctly set forth the results of transactions for the year ended at that date.

Edmonton, Alberta, July 13, 1960

I have audited the books and records of the Oil and Gas Conservation Board for the year ended March 31, 1960.

The accumulated surplus as at March 31, 1960, which must be taken into account in determining the 1960 levy is made up as follows:

Surplus as at April 1, 1959	\$	32,781.39
Deduct: Sundry adjustments		126.97
	\$	32,654.42
Deduct: Deficit for the year ended March 31, 1960		24,218.75

The liability to the Province of Alberta represents the excess of advances by the Province over the Province's portion of the net expenditures incurred by the Board in the administration of the Oil and Gas Conservation Act, Chapter 63, 1957, offset by certain sundry accounts as follows:

Advances by Province, net	\$	577,417.15

Deduct: Sundry accounts		1,124.67
	\$	3,540.42

I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Oil and Gas Conservation Board as at March 31, 1960, according to the information and explanations given to me and as shown by the books of the Board and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.
